

To whom it may concern:

It is a tremendous privilege to offer a letter of recommendation for Maricel Lawrence. I first met Ms. Lawrence in 2007 as my Spanish instructor. Immediately, I was struck by her ability to connect and make learning relevant. I needed to learn Spanish quickly for my work abroad and she quickly diagnosed my learning style and helped me pick up the language.

Over the next few weeks, I progressed further with Maricel than my other two instructors, and tested to a level 2 proficiency ahead of schedule. I found her to be an intuitive teacher with a keen insight into what motivates others. I would recommend her for any opportunity to where teamwork is a must.
